

Actuarial Information Session

Wednesday, February 6, 2008

11:00 pm – 1:00 pm

South Hall 5607F (Sobel Room)

About us:

At UnitedHealth Group, we are a healthy business in more ways than one. We are a \$70 billion leader in the \$1.9 trillion U.S. health care industry and are ranked #21 among Fortune 100 companies in 2007. We serve more than 70 million Americans, and touch nearly every aspect of health care financing and delivery.

Everything we do at UnitedHealthcare, the largest business segment within UnitedHealth Group, is focused on making a health care system that's better for everyone.

Do you have what it takes?

We are looking for the best. Brilliant analytical minds. Progressive thinkers who can see past the numbers to the big picture. You can be sure that as a UnitedHealthcare actuary, you'll be involved with innovative, important work that makes a difference in people's lives.

We will be accepting resumes for our 2008 Actuarial Summer Internship Program and for full-time actuarial analyst positions for students graduating as early as December 2007.

Candidate Qualifications:

- Working towards Bachelor's or master's degree in Mathematics, Statistics, Actuarial Science, or any other major with related experience
- At least junior standing
- Strong analytical, mathematical, and communication skills
- Experience with Microsoft Excel and Access a plus
- SQL and VBA programming skills a plus
- Preference given to candidates who have passed at least one Society of Actuaries exam
