Completion of the VEE Economics topic requires coverage of both microeconomics and macroeconomics. Typically, two approved courses/experiences are required to complete the economics VEE topic requirement. An approved microeconomics option may be paired with any other approved macroeconomic option offered by a university or an alternate VEE provider. The "Additional Requirements" column indicates which component of the VEE topic that specific course satisfies. If it states "No additional requirements", then that course will satisfy the complete VEE topic. FAQs are posted on the VEE Web page for information about adding options to the directory or extending the approved timeframe for options currently listed. Contact vee@soa.org if you have additional questions.

Approval code	Course Number	Course Name	Begin Date	End Date	Acceptable Grades	Documentation Required	Additional Requirements
