Completion of the VEE Economics topic requires coverage of both microeconomics and macroeconomics. Typically, two approved courses/experiences complete the economics VEE topic requirement. An approved microeconomics option may be paired with any other approved macroeconomic option or an alternate VEE provider. The "Additional Requirements" column indicates which component of the VEE topic that specific course satisfies. If it satisfies the "Additional Requirements", then that course will satisfy the complete VEE topic. FAQs are posted on the VEE Web page for information about adding options to extending the approved timeframe for options currently listed. Contact vee@soa.org if you have additional questions.
